The following suggestions were given by the board of members.

B.Sc. UG - Semester - I

Semester I

As per Government order and directions given by MTS University TANSCHE m. Syllabus is followed.

* Change Python Programming Paper to C Programming.

* Change Python Programming Lab to C Programming Lab.

Semester - II

* Add Discrete mathematics - II in Semester II

* Include OOPS Concepts into Data Structures.

Semester - III

* Alter C++ Programming and C++ lab instead of Microprocessor and Microprocessor lab.

* Suggest to include Microprocessor one unit in Digital logic or computer architecture theory.

* Alter Multimedia System lab to Multimedia System theory paper in Entrepreneurial Skills.

* To include Case Study as one unit in all the Programming paper which will use for their project work.

Some papers suggested for elective Courses for III Year students.

Software Project Management, Data Communication Network, S/W testing, Software Quality Management, Operating System.

* In each Semester addition to Practical list Project based Task ^{is added}
Student ^{should} complete one Project in each Semester.

Msc Pg. Semester III & IV

III Semester

* Python Lab Should be removed because already Python Lab is in Semester I.

* In Data Mining Subject (P23CS204) Data Mining ^{concept} as first two units, third unit as R Programming and add last two units include as data analytics tools concept.

IV Semester

* Problems Based on UGC NET/SET Should be included into all Core Subjects.

* Insist to include Major Project work for PG-II Year Students.

* Include only Major Project in Semester IV instead of 2 Lab.

* Addition to Practical list Student must complete Project based Task in each Semester.
