- * The Chairperson has extended a warm welcome to all panel members and she gave a brief Introduction of about the department activities, for
- * The agenda of the meeting was taken up for discussion
- * The following suggestions were given by the Panel members
 - * Dr. R. Selvakumar suggested that as per TN Govt. norms proficiency in English course should be introduced in the first year UG for two semester
 - * He also suggested that second semester (Analytical Geometry) syllabus correction should be carried out.
 - * He insisted that MS office practical Exam should be conducted in the third semester itself with internal 40 and External 60 marks and also credits may be distributed to Theory & Lab as 2 + 2 credits.
 - * His major suggestion regarding UG & PG syllabus that all the Lab papers should be reduced or removed.
 - * In Semester V, Part III, combinatorics credits may be changed from 3 to 4 and for Elective core credits 5 may be reduced to 4 credits.
 - * He repeatedly insist that PG course structure is not followed as per UGC norms. Parts I, II, III, IV should be removed and Parts I, II, III should be added as Extra Credit course and the credit should be balanced.

- * Mrs. S. Andal suggested that for classical mechanics Goldstein Book may be included as text book.

Dr. K. Selvakumar and all the BOS members were suggested that

* For B.Sc Mathematics students, in the vth semester, Instead of Numerical methods using C introduce LATEX or MAT LAB (fundamentals)

* For any lab papers, Theory as well as Lab may be scheduled in the same semester.

- * Part IV & V may be completed in the IV Semester itself so that final year students may be given priority for major papers.
- * For B.Sc (Mathematics) students, K₆ level may be avoided.
- * Mathematic Logic (Open Elective) paper title may be changed as Quantitative Aptitude.
- * B.Sc (Mathematics) Vth semester, Linear Algebra paper reference Book John Fraleigh may be replaced by Linear Algebra by Kurnesari.
- * Atleast 2 reference Books and 3 web references may be listed in the syllabus.
- * Also in web references video's are preferable.
- * Swagam & NPTEL may be included in the web references.
- * For PG, instead of MATLAB, R-Programming may be included.
- * The changes made in the course structure for students admitted from 2020-22 onwards may be approved.

* With reference to the letter received from Registrar in-charge Manonmaniam Sundaramar University, Tirunelveli regarding Part I & Part II language Courses and also to maintain uniformity in offering common Courses in the same Semesters, we have conducted the emergency Board of Studies Meeting on 14.10.22.

* For UG students, Vth Semester Non-major paper [Mathematics for competitive Examinations] is interchanged with women studies (Skill Enhancement course) which is in IVth semester.

* The Extension activities NSS/YRC/sports/NCC etc

to be completed within IVth semester.

* Self Study course in IVth semester Mooc and Vth semester course spoken Tutorial are entered into VIth semester. UG (maths) Students should complete any one courses at the end of VIth semester.

The above changes may be implemented for the students those who are all admitted in 2021-2022 and onwards.

The Board suggested the following.

UG

* Five credits may be given for Elective courses I & II as the number of contact hours is 6 per week.

* As per the TANSCHE syllabus, Skill Enhancement courses SEC-I, SEC-II are to be opted for UG mathematics students.

* The Recommended Text books by TANSCHE are to be preferred for covering the syllabus.

PG

* Mooc should be given 2 credits and 8 weeks courses should be chosen and the students should appear for the Mooc Exam. If suppose, they couldn't pass the exam in the first attempt another chance may be given in the subsequent semester.

* The Recommended Text book by TANSCHAE are preferred for covering the syllabus.

The Board suggested the following :-

PG:

- * Probability theory core-8 is replaced by Differential Geometry in Sem II. Since Mathematical Statistics is opted as core Elective in Sem II.
- * The Board suggested operations Research as core Industry module in core-10 Semester II.
- * In Sem - II title of the course Mathematical python is changed as Introduction to Python in core Elective ³ ~~II~~
- * In Sem-IV, instead of Algebraic Topology the board suggested to include Mechanics as core-12.
- * The Board suggested to include problems based on CSIR NET/SET

in unit V for all the core papers.

UG:

* In Semester IV, C-programming language is replaced by C++ as Elective Generic.

* In Semester V, the Elective course-5 optimization Technique is replaced by mathematical modelling.

* The Elective Course 6, Object oriented Programming in C++ is replaced by operations Research & the total hrs is 5.
